“ I'd like to share a memory from my dad, Billy did some extensive plumbing work and when it came time to be inspected by the city the inspector he asked who did the work when dad told him it was Billy Petitt he said he knew there would be no problem it would pass inspection. He knew Billy's work and it was quality work. I think that's a real tribute to a man. To have your work respected by others. Billy your journey through this life was hard may you now rest in peace and may we take comfort in knowing for you the trials and tribulations of this earth are over and you have taken the hand of our lord and gone to be with Jesus and the ones that have gone before you especially your momma and brother. Prayers and peace to your family.
